Name of speaker (Designation & Organization)	
Contact no. of speaker	
No. of Participant/ Students present	90 (S.Y. B. Pharm)
Venue	Keshav Srushti Uttan Mira Bhayandar Maharashtra

Description of Event -

The medicinal garden visit to "Keshav Srushti Uttan Mira Bhayandar Maharashtra" was organized for Second-Year B. Pharm students with the support of Dr. Sunita Ogale, Principal, and Dr. Sanghdeep Gajbhiye, Head of the Department, VIVA Institute of Pharmacy, Virar (E). The visit was arranged by Prof. Varsha Patil, Assistant Professor, VIVA Institute of Pharmacy, Virar (E). The students were divided into two batches, with each batch accompanied by a visit guide, Mr. Jholsingh Padvi and Mr. Suresh Borsa, to ensure a personalized experience for the 90 students in attendance.

Following Agenda was covered during the visit by coordinator from Keshav Srushti:

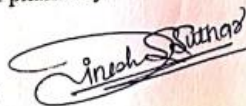

- ❖ Qualities and attributes of different medicinal plants (100 + Plants were studied and identified).
- ❖ Medicinal uses of every plant was covered in depth along with other household applications.
- ❖ Details study on type of medicinal plants - based on morphology and medicinal properties.
- ❖ The students delved into the medicinal uses of each plant, exploring their potential applications in the development of herbal drugs and Ayurvedic dosage forms.
- ❖ Understanding the active compounds present in each medicinal plant and their therapeutic properties.

Overall, the visit provided valuable brief knowledge and practical experience with medicinal plants for students studying pharmacy. They get to connect theoretical learning with real-world applications, enhancing their understanding of medicinal plants and their potential contributions to pharmaceutical and Ayurvedic practices. Medicinal plants studied were *vajradanti, madhunashini, dambel, anantamul, khus khus, shatavari, gunja, kalmegh, nirbruhmi, gokarna, shwet chittrak, darb gawat, lajalu, odomos, punarnava, black pepper* etc. Spirulina extraction plant was given and explained in brief for industrial-level production.

Special emphasis was given on medicinal plants under their subject Pharmacognosy and Phytochemistry in identification of medicinal plants in brief and development of critical herbal formulations. During the visit, a team of faculty members, including Dr. Prof. Sanghdeep Gajbhiye (H.O.D.), Prof. Dinesh Suthar, Mr. Suyash Salvi, and Ms. Isha Pandey, was present to ensure seamless coordination between the students and the members of Keshav Srushti, Uttan Mira Bhayandar, thereby enhancing the overall experience of the visit.

In conclusion, the students enthusiastically absorbed every aspect of the medicinal visit, gaining practical knowledge and hands-on experience. The event was a resounding success, further enriching their academic journey in the field of pharmacy.
