Report on Self-defense Workshop for girl students and women faculty under WDC

Women have long been considered weak, much to the protestations of feminist's everywhere. Unfortunately, this stereotype exists even today in the 21st century. Perhaps that's why violent crimes against women are at an all-time high and there is a need to teach self-defense to women. self-defense is, at best, one part of comprehensive solution to this violence. To continue promote self-defense for women, VIVA Institute of Pharmacy organized a self-defense workshop for the students and staff of VIVA Institute of Pharmacy from 2nd to 4th November 2018. The attendees of the workshop were trained by a student of F.Y. B.pharm- Mr. Mandar Khot, who is black belt from Shotokan karate. The event started at 11.00 AM with the girls getting briefed about certain self-defense techniques, followed by three hour training session daily. The trainees were oriented regarding the importance to learn self-defense, how to inflict on the attacker and not necessarily beat them up. One does not need to be an expert in martial arts to succeed in escaping an attacker. A women's responsibility is to ensure their safety and protection wherever they are. Also a drama was performed by the first year B.pharm students which emphasized on women empowerment. The workshop concluded with a song "Mujhe kya bechega rupaiya" by a girl student. The workshop concluded by a group discussion session on various day-to-day incidences of violence against women and how to tackle them by self-defense techniques. The workshop had a very enlightening meaning for everyone. At last but not the least everyone had satisfaction of the workshop with a nice end.
