About Institute

VIVA Institute of Pharmacy (VIP) was established in the year 2010 by Late Shri Vishnu Waman Thakur Charitable Trust under the President-ship of Shri. Hitendraji Thakur with a definite mission to develop the standard of the institute above benchmark level, providing students with advanced knowledge and latest technology in their chosen discipline of healthcare.

It has an aesthetically designed and elegantly built campus furnished with state of art equipment and facilities. It nurtures a unique system of education for creating dynamic leaders in the pharmaceutical sector, entrepreneurs, academicians, researchers and professionals who contribute to the development of society and nation at large.

Poster should be clearly visible from 1 meter apart

Abstract: Not more than 250 words

Submit your abstract on -
seminarviva@gmail.com

Last date of Registration & Submission of Abstract: 28/01/2020

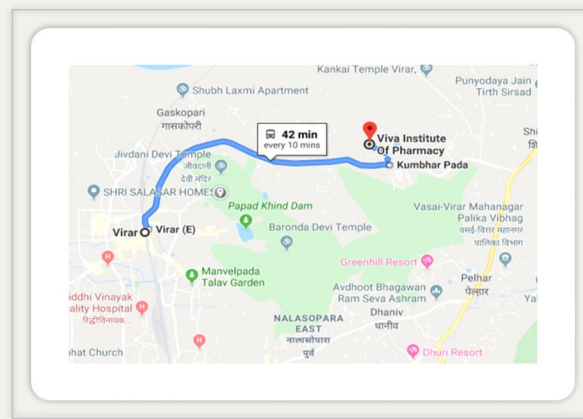

Theme of the Seminar

VIVA Institute of Pharmacy is organizing a seminar on “Recent Advances in Capsule Technology” on February 7th 2020 in association with ACG-Associated Capsules, Mumbai.

Capsules and art are not quite two peas in a pod. However, that is precisely what the “Art in a Capsule” ACG did by getting creative miniatures inside a capsule. ACG is country’s largest capsules producer and second largest in the world, works closely with the Indian pharmaceutical industry, offering it high-technology engineering-to-software solutions.

The main aim of the seminar is to enlighten students on recent developments in capsule technology. The seminar will help educate students on topics such as introduction to hard capsule, its regulatory requirements, innovations in hard capsules, new delivery solutions in capsules and much more.

This seminar will give a unique advantage and responsibility to prepare the next generation of industry professionals.
