On 01st August 2024, **The Institution’s Innovation Council** of VIVA Institute of Pharmacy hosted a session on **“Accelerators/Incubation- Opportunities for students & Faculties - Early Stage Entrepreneurs”** in online mode for students and faculties. The session was delivered by Mr. Vikram Bafna, Founder of V4 Healthcare. The session was planned and arranged for the students and faculties of VIVA Institute of Pharmacy with the support of Dr. Sunita Ogale, Principal and Dr. Sanghadeep Gajbhiye, Head of Department. The session was conducted in online mode using Google Meet Platform and was attended by 50 participants.

Objective of the workshop:

The objective of this session is to provide participants with a comprehensive understanding of the role and benefits of accelerators and incubators for early-stage entrepreneurs.

Benefits in Terms of Learning, Skills & Knowledge:

Participating in accelerators and incubators offers a multitude of benefits that can significantly enhance the learning experience, skill set, and knowledge base of early-stage entrepreneurs.

The focal point of the session was the concept and purpose of accelerators and incubators for the growth of start-ups. Mr. Vikram Bafna is also in-sighted on the idea of accelerators in business—the advantages of accelerators and incubators. Further, the primary distinction between incubators and accelerators was discussed in-depth with the students. The session was a boost-up for students who are keen towards entrepreneurship. The session ended with students’ question/ answer and interaction session. The students have many latent ideas and innovations that such educative sessions on entrepreneurship can bring forth.

Vote of thanks was given by Mrs. Shikha Shukla, Assistant Professor, VIVA Institute of Pharmacy.
