A Seminar conducted under the aegis of IIC and IQAC was oriented by Principal Dr. Sunita Ogale and further Coordinated by Prof. Vishakha Mithari, followed by our council members. The topic of the seminar was “**Indian Knowledge System**” & 155 participants showed their active presence which made our seminar a grand success.

Our own student was welcomed and introduced after which she started the session. Her talk gave us valuable insights on Indian Knowledge system which will help us in spreading the rich heritage of our country by bridging the gap between traditional Indian Knowledge Systems & Contemporary knowledge. Her talk was a directional set of light towards a journey of our Bharat which uncovers the rich tapestry of learning traditions from Gurukul system to modern educational practices which is the need of an hour.

We believe that these insights will immensely help our students and faculties in magnifying their way of working by exploring & evolving through their approach to education by maintaining its roots and contributing towards our Pharmaceutical domain. After the session, she cleared the doubts of the participants and everyone enjoyed the session.
