Seminar on “**Recent advances and Practical insights in Homeopathic Drug Preparation**” was planned and arranged for the students of B. Pharmacy with the support of Dr. Sunita Ogale, Principal and Dr. Sanghdeep Gajbhiye, Head of Department. The seminar was oriented by Mr. Antony Tharian, Founder, Trust Pharmaceuticals and session was led by their Manager and QC in charge.

Following points were explained during the seminar:

- The session was oriented by Mr. Antony Tharian, Founder, Trust Pharmaceuticals, he talked about Quality, Safety and Service and also provided an industry-oriented overview of various homeopathic drug dosage forms.
- He explained the significance of tinctures and mother tinctures as primary preparations in homeopathy and elaborated on their methods of preparation as per standard guidelines.
- The Manager and Quality Control (QC) Chemist from Trust Pharmaceuticals further enriched the session by explaining the preparation, handling, and applications of sugar globules, blank tablets, milk of sugar, dilutions, ointments, and oils.
- Special emphasis was laid on quality control methods, including raw material testing, in- process checks, and finished product evaluation.

- The speakers highlighted that all manufacturing and quality assurance activities strictly follow the guidelines prescribed in the Homeopathic Pharmacopoeia.
- The seminar provided practical insights into industrial practices, regulatory compliance, and Quality standards followed in homeopathic drug manufacturing. The session was highly informative and helped students understand the relevance of pharmacopoeial standards and quality control measures in ensuring the safety and efficacy of homeopathic formulations.
- Overall, the seminar was interactive, industry-oriented, and beneficial for enhancing students' practical knowledge of homeopathic drug forms and pharmaceutical quality assurance practice
- Seminar ended with Vote of thanks and Questions and answers session.
