The topic of the workshop was "Time Management" & it was organized only for staffs (teaching & non-teaching) 50 delegates showed their active presence which made our workshop a grand success.

The event started with an inaugural ceremony by lighting of lamp followed by Saraswati Vandana sang by our office staff Mrs. Mugdha Pathak. The dignitaries were felicitated by our Principal which was followed by welcome speech & some illuminating information by her on Time Management.

Name of the Event **BEACH CLEANING**

Date: **18/01/2020**

Time **7.00AM**

Number of Volunteers **30**

Programme Summary/Details:

NSS volunteers of VIVA Institute of Pharmacy successfully completed Beach Cleaning activity At Bhuigaon Beach on 18th January 2020. The cleaning was conducted from 7:30 AM to 10:30 AM. The volunteers were instructed to reach Vasai Railway Station at 7:00 AM and from thereon the volunteers reached the location by rickshaw within 20 minutes.

A significant portion of the waste collected during the cleanup comprised polythene bags, food wrappers, and glass bottles. Volunteers diligently removed, handled, and properly collected various types of waste that had been abandoned, dumped, or buried deep within the sands. Some of these wastes proved to be quite challenging to extract, indicating that they had been buried in the sand for an extended period. Surprisingly, what initially appeared to be easily removable polythene bags from the surface accounted for only 5% of the waste, as the majority was deeply entrenched. Regrettably, due to their deep burial, such wastes could not be entirely eliminated. Instances like these heightened the volunteers' awareness of the critical need for beach cleaning. The volunteers were enthusiastic about their participation in the event and eagerly anticipated future opportunities to contribute to similar initiatives.

Programme Summary/Details:

During the week of September 18-23, 2018, as part of our NSS (National Service Scheme) drive, NSS Unit of VIVA Institute of Pharmacy, undertook a project focused on Nirmalya decomposition, which was during the Ganesh festival. The aim of this event was to create awareness about pros of decomposition and reduce the pollution caused by dumping of organic things like flower garlands. This endeavor involved the dedicated efforts of 20 enthusiastic NSS volunteers who played a pivotal role in not only collecting the organic waste generated during the festival but also in digging the pit hole required for the decomposition process.

The collected organic waste was carefully placed in the pit and allowed to naturally decompose over time. This environmentally conscious approach not only reduced the environmental impact of the festival but also resulted in the creation of valuable organic manure, promoting sustainability and responsible waste management practices within our community.
