GPAT Club

Graduate Pharmacy Aptitude Test (GPAT) CLUB

GPAT (Graduate Pharmacy Aptitude Test) is a national level exam, which analyse the overall knowledge of the student in the field of pharmacy and it is one of the important and essential criteria for the entry into various Master's program in Pharmacy. Therefore, in order to familiarise our students about GPAT and its advantages, on 23rd of June 2020, we have organised an online seminar entitled as "GPAT a Way to Success". We got very enthusiastic response from our students. Therefore, we have decided to form a "GPAT CLUB" in order to give them a fare platform for the preparation of GPAT.

How it works?

At the beginning, we collected the names of all interested candidates and formed a Whatsapp group named "GPAT club". All members has given a study material and timetable of weekly subject wise tests. Moreover, all faculty members have contributed by framing a question paper of respective allotted subjects. The platforms such as Google quiz, Google meet and youtube have been used for regular update and Sunday to Sunday subject wise test.

What are Goals?

To prepare our students for the national level Exams

To increase the overall understanding of our students in Pharmaceutical Sciences
